## Vaccinuri cu ARNm COVID și sarcină: nașteri morti imediat după vaccinarea cu ARNm COVID-19 Pfizer sau Moderna, când fătul „moare brusc”

Moartea fetală poate apărea încă de a doua zi după vaccinarea ARNm.

**Nașterea mortii este definită ca pierderea tragică a unui copil din 20 de săptămâni de gestație sau 400 g de greutate corporală, dacă gestația este necunoscută.**

Windsor, ON – influența canadiană de 24 de ani Karlee Steel a suferit o naștere neașteptată a morții pe 4 mai 2023

Karlee Steel, cu sediul în Windsor, Ontario, a fost indusă în travaliu la începutul lunii mai, după ce o ecografie a detectat că copilul ei nu avea bătăi ale inimii. ( [click aici](#) )

On May 5, Steel [shared her devastating experience](#) to Instagram, wanting to break the stigma around stillbirth. **"Yesterday on May 4th, 22 weeks and 5 days, our first baby boy Luca was born sleeping"**

Stillbirth occurs in about 1 out of 200 pregnancies (in Canada) and according to [Statistics Canada](#), more than 3,000 stillbirths were reported in 2021.

Kilkeel, UK – 37 year old long distance runner Laura Graham had an unexpected stillbirth on Feb. 19, 2023

**"Unfortunately on 19th February 2023 we suffered the heartbreaking loss, stillborn birth of our precious little boy Luca" ([click here](#))**

Laura recalls being in "complete shock" when told there was "no heartbeat".

**"The whole pregnancy was going good until that horrifying moment when the consultant told us the heartbreaking words 'I'm sorry there is no heartbeat'.** Nothing could prepared us for that and what came next and I don't think it ever will. No pain will ever amount to that day."

**There are many reports of sudden stillbirths after COVID-19 vaccination:**

**CASE 01 (VAERS 1067791)** – Pregnant woman at 40 weeks took a Pfizer COVID-19 mRNA vaccine and the fetus died the next day.

**CASE 02 (VAERS 1067790)** – Pregnant woman in week 20 or 24 of pregnancy took a Pfizer COVID-19 vaccine and the fetus died the next day.

**CASE 03 (VAERS 1265529)** – 21 year old woman had 2nd Pfizer dose. She presented at 39 weeks because her water broke, fetus was found without a pulse. Stillbirth.

**CASE 04 (VAERS 1739865)** – A pregnant woman took 2nd dose of Moderna on Aug. 13, 2021. The next day, fetal movements decreased and stillbirth occurred 12 days later on Aug. 25, 2021.

**CASE 05 (VAERS 1960749)** – 30 year old pregnant woman had 2nd Pfizer jab on Aug. 5, 2021 and had stillbirth (fetus not moving) 3 months later on Oct. 6, 2021 at 36wk2d.

**CASE 06 (VAERS 2178578)** – 33 year old pregnant woman had 2nd Pfizer jab on Sep. 4, 2021, a month and a half later on Oct. 19, 2021 she had a stillbirth at 39wk5d.

**CASE 07 (VAERS 2294305)** – Had 2nd Pfizer jab on Aug. 24, 2021. At 20 weeks pregnant, U/S showed fatal abnormalities of fetus resulting in stillbirth at 25 weeks.

**Australian births are crashing in 2021 and 2022**

In this graph, the COVID-19 vaccine administration (orange line) is adjusted by 9 months and lines up perfectly with the crash in live births (the graph shows what happens exactly 9 months after COVID-19 vaccination, which is a drop in live births).

Furthermore, the higher the number of COVID-19 vaccines administered, the steeper the drop in live births and when COVID-19 vaccination pauses, live births return to baseline, suggesting this is entirely an effect of COVID-19 vaccines causing miscarriages and stillbirths rather than a long term infertility problem.

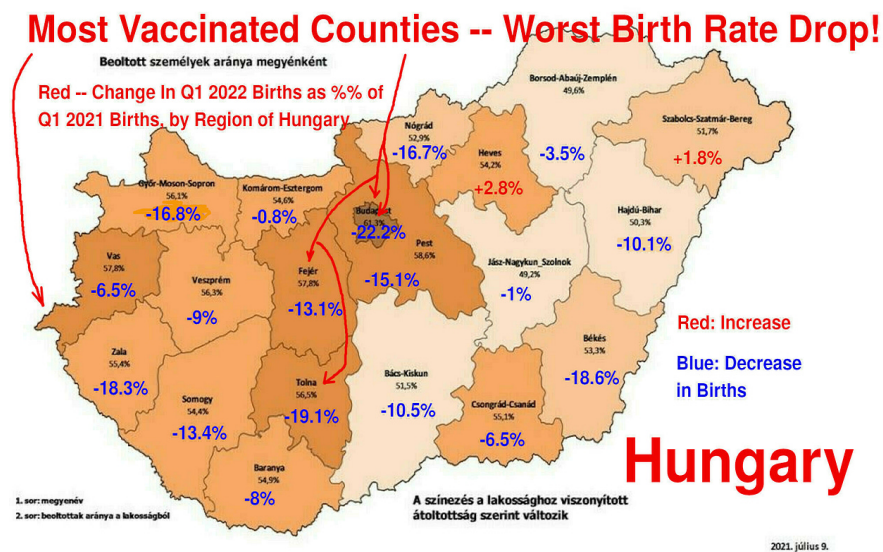

### Sweden birth rate drop in 2022

**In the UK, too much sleeping can cause late stillbirth!**

Reproductive Health 2023  
@Repro2023

...

#Sleeping for more than 9hrs. per night without disturbance during #pregnancy may be associated with late #stillbirth Their study suggested that #maternalsleep habits including #lengthyperiods of sleep without waking more than once in the night may be associated with #fetalhealth

11:02 PM · Jun 13, 2023 · 39 Views

The COVID-19 propaganda machine is going strong in the UK, where doctors will be attributing all late stillbirths to mothers “sleeping too long”, or climate change.

#### My Take...

It is very difficult to get good data on stillbirths caused by COVID-19 mRNA vaccines.

However, live births are crashing in Australia, Germany, Sweden and other highly COVID-19 vaccinated countries.

Doctors who have talked about stillbirths caused by COVID-19 mRNA vaccines are heavily persecuted in the media and by the health authorities.

In November 2021, Dr. Daniel Nagase tried to expose some information about stillbirths occurring in British Columbia and he was attacked in the mainstream media (CBC) for it ([click here](#)).

“Health authorities say there's no truth to social media rumours that suggest there were more than a dozen stillbirths in 24 hours at Lions Gate Hospital in North Vancouver, B.C.”

Dr. Nagase is now being persecuted via a complaint process by the College of Physicians and Surgeons of Alberta.

Nevertheless, there are **many shocking cases of stillbirths associated with Pfizer & Moderna COVID-19 mRNA vaccines recorded in VAERS**, some of which I have included in this article.

**COVID-19 mRNA vaccines are not safe in pregnancy and should not be given to pregnant women.**

We need to see what the live births data looks like in **Canada and the US**, as I expect a similar crash in live births, as what is going on in Australia and Germany. We just need whistleblowers to leak good data to the public.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people's lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its*

entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."

ISBN: 978-0-9879389-3-0, Year: 2022, PDF Ebook, Pages: 164, 15 Chapters
